Roundtable Discussion Details

Topic: Enabling ecosystem to translate mobility research into useful solutions for sustainable and livable Indian cities

Moderator: *Mr. Sathyanarayanan Sankaran, Bicycle Mayor of Bengaluru, Urbanmorph*

Rapporteur – *Mr. Aitichya Chandra and Mr. Furqan Bhat, IST Lab.*

Tentative Agenda:

1. How valuable is mobility research on Indian context to develop useful and actionable solutions?
2. What is lacking in current ecosystem to leverage complementary strengths of stakeholders for delivery of sustainable mobility solutions?
3. What are your suggestions to strengthen this ecosystem?
4. What are the action points you see to create and activate this ecosystem and see results on ground in next 2-3 years?
